www.kinray.com

Who is your Home Healthcare customer?

Carla Campbell (care recipient)

As part of the Baby Boomer Generation, Carla has specific needs. When purchasing Home Healthcare and Durable Medical Equipment (DME) items, she is looking for products that work with her “forever young” lifestyle.

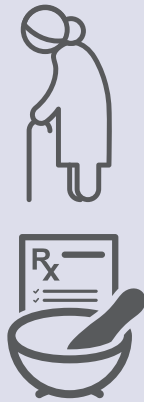

Carrie Carson (caregiver)

Carrie does not typically have a need for Home Healthcare items. However, her parents are aging and as their needs increase, so do her trips to the pharmacy. Her parents are part of the Greatest Generation (pre-1946) and have inherently different views from Carla.

Care recipients like Carla are part of a growing market, which accounts for a large number of scripts

- 15% of the total population is 65+ which will grow to 21% by 2030, doubling from 35MM to 73MM.¹
- 22% of the population 65+ have reported having a disability; mobility being the highest limited function.¹
- Almost 62% of prescriptions filled in US are buyers/users of the DME category.²

When Carrie visits your store to make purchases on behalf of her parents, she will want what is best for them. If her parents are with her, they may have drastically different views, so it is important to keep this in mind when helping them find the right product. Her parents pinch pennies and may value price over benefits. Carrie on the other hand will want to make sure it has the features she feels are best for them, regardless of the price.

According to AARP:

- In 2013, about 40 million family caregivers in the United States provided an estimated 37 billion hours of care to an adult with limitations in daily activities.³
- Caregivers had an estimated annual out-of-pocket expense of \$5,531 per year.³

How do these two different types of customers approach decisions⁴?

	Greatest Generation	Baby Boomers
Goal	Physical Independence	Financial Independence
Attitude	Conservative	Youthful
Purchasing Influences	Testimonials and Entitlement	Industry Ratings and Brand

⁴Homecare Market Review – Best Practices of Our Most Successful Stores. Essential Medical Supply, Inc.

Become a destination for DME in your community

DME, or Durable Medical Equipment, are items that are used in the home for healthcare and can withstand repeated use, are used for a medical reason and have an average expected lifetime of at least three years.

According to Nielsen data, DME is a \$279M category and has grown 8.1 percent just in the past year. The Drug segment makes up 69 percent of the market, making community pharmacies an ideal destination for these shoppers.¹

2016 DME Category

*Percent of the DME market

Almost half of all DME purchases are private label branded products.

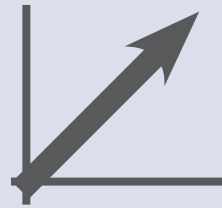

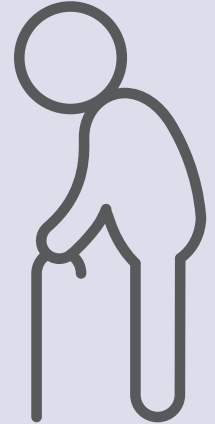

45% Private Label vs. 55% Brand Names

Strong demand drivers continue to support increased demand for DME products worldwide:

1. Aging population²

\$400 BILLION

- Baby Boomers outspend other generations by an estimated \$400 billion each year on consumer goods and services (U.S. Government Consumer Expenditure Survey)

- Estimated to increase spending on wellness base services from \$200 million to \$1 trillion over the next 10 years

- 78 million and retiring at a rate of 10,000 per day

- ### 2. Preference of the aging generation to remain at home with healthcare support and services available³

Sheepette® Synthetic Lambskin Crutch Covers - Arm & Grip

KIN # 404240 | CIN # 3376480 | MANF # D5009

The closest synthetic to real sheepskin! Sheepette® Synthetic Sheepskin Crutch Covers increase user comfort with a dense, heavyweight material that distributes pressure evenly to an area. The thick material also allows greater air circulation than competing protectors. Each pack contains 2 each the underarm covers and hand grip covers that attach to one pair of crutches. Covers are machine washable and include instructions.

ESSENTIAL MEDICAL SUPPLY, INC.

Free Spirit™ Knee and Leg Walker

KIN # 522173 | CIN # 4057717 | MANF # P4000

THE CRUTCH ALTERNATIVE! Superbly Engineered and Designed, the Free Spirit™ knee and leg walker is truly "State of the Art!" This knee walker features an over 30% turning radius that allows the user to use stable tight turns to maneuver in small spaces. Features dual front hand brakes that gives you control over the unit. Also includes the widest 1" flat free tires on the market that will go over most surfaces and provide additional stability. Made for all users, the Free Spirit™ will accommodate users up to 400 lbs and heights from 5'2" to 6'9". The lightweight frame features a folding tiller that can be locked into place when loading it into a car. Soft foam knee pad is sturdy enough for support but soft enough to mold around the user for comfort. Extra long length and width of the Free Spirit Pad makes using the unit a dream. Plus add a Sheepette® Knee Pad cover for extra comfort and to keep your leg dry. Includes a large carrying bag that includes a zipper for security and can be taken with you. Lifetime limited warranty on frame. SPECIFICATIONS: Overall Length: 31". Width: 17 1/4". Range of Height Adjustments: Knee Rest: 17 1/2" - 23 1/2". Handle Bars: 33 1/2" - 41 1/2". Weight: 22.5 lbs. Knee Pad Size: 14.5" x 7" x 2"

ESSENTIAL MEDICAL SUPPLY, INC.

Sheepette® Synthetic Lambskin Walker Grip Covers

KIN # 629026 | CIN # 3577699 | MANF # D5008

The closest synthetic to real sheepskin! Sheepette® Synthetic Sheepskin Walker Grip Covers increase user comfort with a dense, heavyweight material that distributes pressure evenly to an area. The thick material also allows greater air circulation than competing protectors. Each pack contains one pair of washable covers that attach to any folded walker with a hook and loop closure.

How to size mobility items

Canes

- It takes two people to fit a cane
- The user should be wearing their usual walking shoes and standing as naturally upright as possible
- Their arms should hang at their sides with a normal bend at the elbow
- The non-cane user places the cane on the ground, opposite the side of the injured or weaker leg
- The user stands with their palm facing the cane

Aluminum canes:

- The correct height adjustment is the handle hitting the middle crease of the wrist

Wood canes:

- Have your helper put the cane handle down, mark the cane shaft where the middle crease on the inside of your wrist touches the cane
- To ensure a straight cut, use a miter box

Two things to remember:

1. You do not want to have a crooked cut, as this would change your walking gait or posture
2. The cane should be an extension of your arm and used without raising or lowering your shoulder

Rollators

- Stand with your shoulders relaxed and your arms hanging loosely at your sides
- The handlebar height should be at the crease of your wrist when your arms are relaxed at your sides
- Loosen the knobs on the outside of the handlebars, remove the bolts, then move the handlebars to the desired height
- Re-install the bolts and screw the knobs to the bolt; ensure the bolt head is properly aligned with hole before tightening fully
- You should be able to sit on the seat with the balls of your feet touching the ground

Walkers

- Stand with your shoulders relaxed and your arms hanging loosely at your sides
- The walker height should be at the crease of your wrist when your arm is at your side
- Push the button with your thumb and adjust to the correct hole height
- Repeat this adjustment for all four walker legs making sure that the walker is level with your wrist crease
- Make sure that each push button locks in place after the height is adjusted

Crutches

- Wearing shoes, stand straight with shoulders relaxed and arms hanging loosely
- Adjust the length of the crutches so that the crutch top is approximately 2 inches below the underarm
- Next, adjust the handles:
 - Stand with crutches placed 6 inches in front of and 6 inches to the side of your feet
 - Adjust handle until your elbow is bent approximately 20 to 30 degrees
 - After adjusting, ensure that the spring buttons are fully engaged and screws are tightened

ESSENTIAL MEDICAL SUPPLY, INC.

Big Foot Standing Cane Tip

KIN # 629325 | CIN # 5008784 |
MANF # T20009

The Big Foot Cane Tip allows any cane to stand on its own. The tip will also flex when walking allowing the user to stay more mobile. Cane tip can be easily added onto any standard aluminum cane with a 3/4" lower shaft.

ESSENTIAL MEDICAL SUPPLY, INC.

Universal Walker Tray

KIN # 723167 | CIN # 5446687 |
MANF # W1617

Designed to fit most standard walkers and provides a secure tray for belongings. Raised sides prevent items from falling and spilling over the tray. Tray features two cup holders that will hold any standard sized cup.

ESSENTIAL MEDICAL SUPPLY, INC.

Couture™ Offset Cane with Matching Tip

The Couture™ Cane is High Fashion from Top to Bottom! It is the first cane that features a shaft with a designer pattern that also matches the standing cane tip. 5 attractive patterns to choose from and each aluminum cane is height adjustable from 30" to 39". Features a offset style design with a soft foam grip that is great for any hand and a strap. The Super Big Foot Cane Tip allows cane to stand on its own. The tip feature 6 feet that grip the surface and flexes for maximum mobility. Canes support up to 250 lbs.

ESSENTIAL MEDICAL SUPPLY, INC.
Adjustable Molded Shower Bench with Arms & Back
 KIN # 533790 | CIN # 4301990 |
 MANF # B3011
 Shower bench features removable padded arms for both comfort and safety. Also features a large, texturized seat and an aluminum, anodized frame to prevent rust and frame turning color. Height Adjustment: 15 1/2" - 20 1/2".

ESSENTIAL MEDICAL SUPPLY, INC.
Shower Mat in Transparent Blue
 KIN # 629044 | CIN # 4347217 |
 MANF # B3417B
 Mats are designed for use in the shower and are ideal for use with a shower bench. Each mat features a non skid surface with secure grip suction cups. Also features round drain in middle of mat to avoid water build up. The mat is also mildew resistant for long term use.

Prevent falls before they occur

1 out of 5
 falls causes serious injury

2.8 million elderly people are treated in emergency rooms for fall injuries every year

Traumatic brain injuries are most often caused by falls

over 800,000 people are hospitalized each year because of fall injuries

>95% of hip fractures are caused by falling

The **CDC recommends** adding grab bars to make your home **safer** and help **prevent falls**

BEDS & ACCESSORIES

ESSENTIAL MEDICAL SUPPLY, INC.
Height Adjustable Hand Bed Rail for Home Beds
 KIN # 629208 | CIN # 4065041 |
 MANF # P1410

The Endurance Hand Bed Rail is designed to help users get in and out of bed. Unit includes a securing strap to attach rail to bed frame. Height adjustable at insert point from 17" to 21" with a 20" wide, non-slip hand grip. Will fit most beds and extends 3' under mattress with non-slip foam sleeves to keep it in place.

WARNING: The Endurance Hand Bed Rail is not intended or designed to ensure that the user is confined to bed. If the user is at risk to roll out of bed, a hospital style bed rail should be used. The Endurance Hand Bed Rail is designed to help the user get in and out of bed safely. **SPECIFICATIONS:** User Weight Limit: 300 lbs.

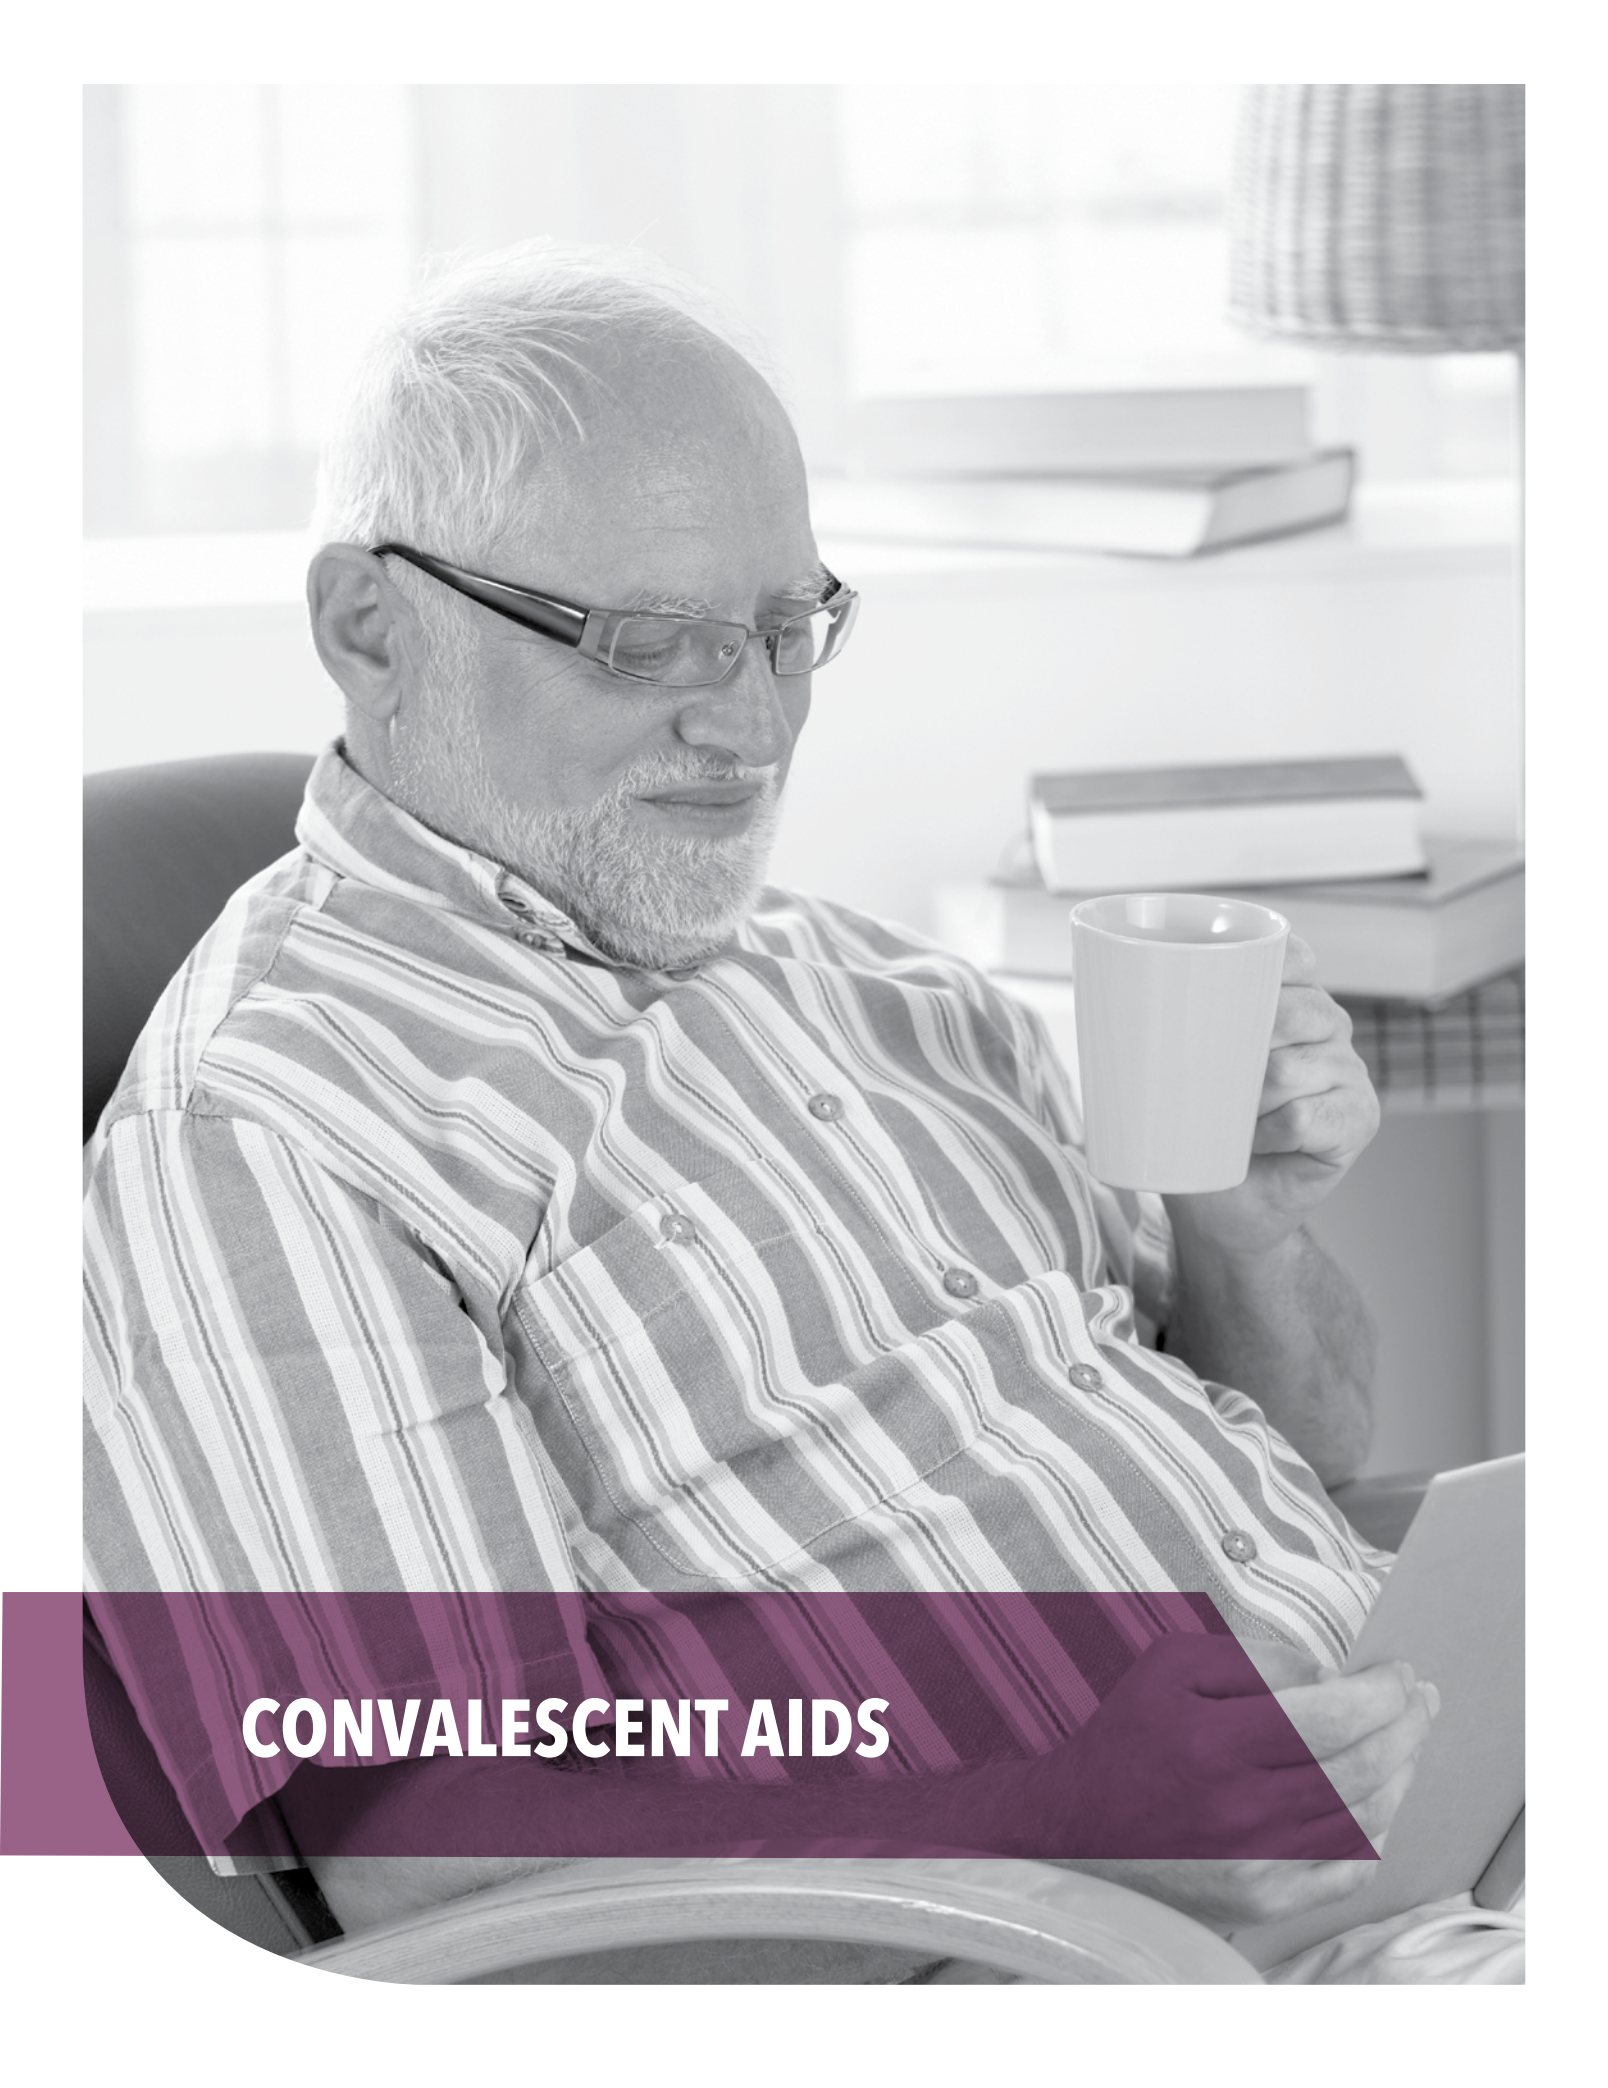

ESSENTIAL MEDICAL SUPPLY, INC.
Sheepette® Synthetic Lambskin Bed Pad

The closest synthetic to real sheepskin! Sheepette® Synthetic Sheepskin Bed Pad helps increase user comfort with a dense, heavyweight material that distributes pressure evenly. The thick material also allows greater air circulation than competing pads. Each pad also comes with instructions for machine washing and drying.

743799	OneTouch Verio® Test Strips 100ct
743773	OneTouch Verio® Test Strips 50ct

There is no limit to the number of times you can use this code

Submit this claim to OPUS HEALTH for reimbursement plus a dispensing fee. Questions? Call 1-800-364-4767.

Requires a valid prescription. Offer valid for one meter per patient every 12 months.

Offer good while supplies last. Void where prohibited by law.

This offer from LifeScan, Inc. can only be redeemed where OneTouch® products are sold and prescriptions can be processed.

By participating in this program or by otherwise processing a program voucher, you warrant that you will not submit a claim for reimbursement of any meter covered by this agreement with any commercial payor or state or federal government funded program (including but not limited to Medicare, Medicare Advantage, Medicaid, Medigap, VA, DOD, or TriCare®).

Offer expires 12/31/19.

*Based on a study conducted in 2015 in the UK of 40 patients with Type 2 Diabetes using a simulated model of the OneTouch Verio Flex® meter.

Are you familiar with proper testing technique?

1 Clean the hands with **alcohol swabs**

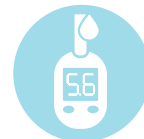

2 Insert **test strip** into meter

3 Insert a **lancet** into the **lancing device** and prick the side of the finger, where it is less painful. Massage the finger until a drop of blood forms. Only a tiny amount of blood is needed for the new meters

4 Hold the finger to the **test strip** while the blood is absorbed

5 Wait for the blood glucose level reading (five seconds!) and record it

6 Save and share that information with your healthcare provider. An easy way to do this is with the new **LEADER™ TrueMetrix Air** with Bluetooth capability for easier sharing

LEADER™ Diabetes Cash Solution

Affordable option that is less than the average copay

Introducing the over-the-counter LEADER™ solution for diabetes patients who need an accurate and affordable option for managing their blood glucose levels.

Plus no prescription is required!

Capture sales in this growing market segment and meet the needs of your value shoppers or those who have a high copay!

Product features:

- Accuracy and affordability in one system
- 300 test memory with date and time
- Audible fill detection
- Redosing capabilities to avoid wasted strips
- Download data via USB
- 5 daily testing reminders
- Convenient test strip ejector
- 7, 14, 30, 60 and 90 day averaging
- Results can be marked as pre or post-meal
- Glucose oxidase, no maltose interference

Reliable
Clinically proven accuracy

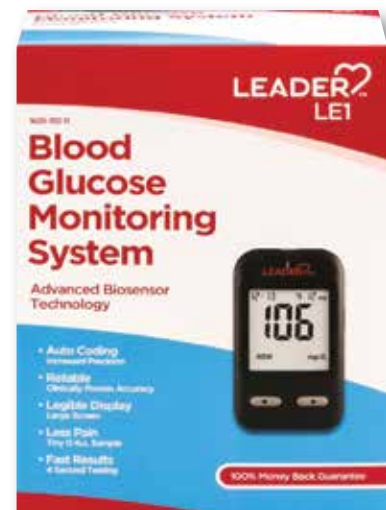

Fast
4 second testing

Small sample size
Tiny 0.4µl sample

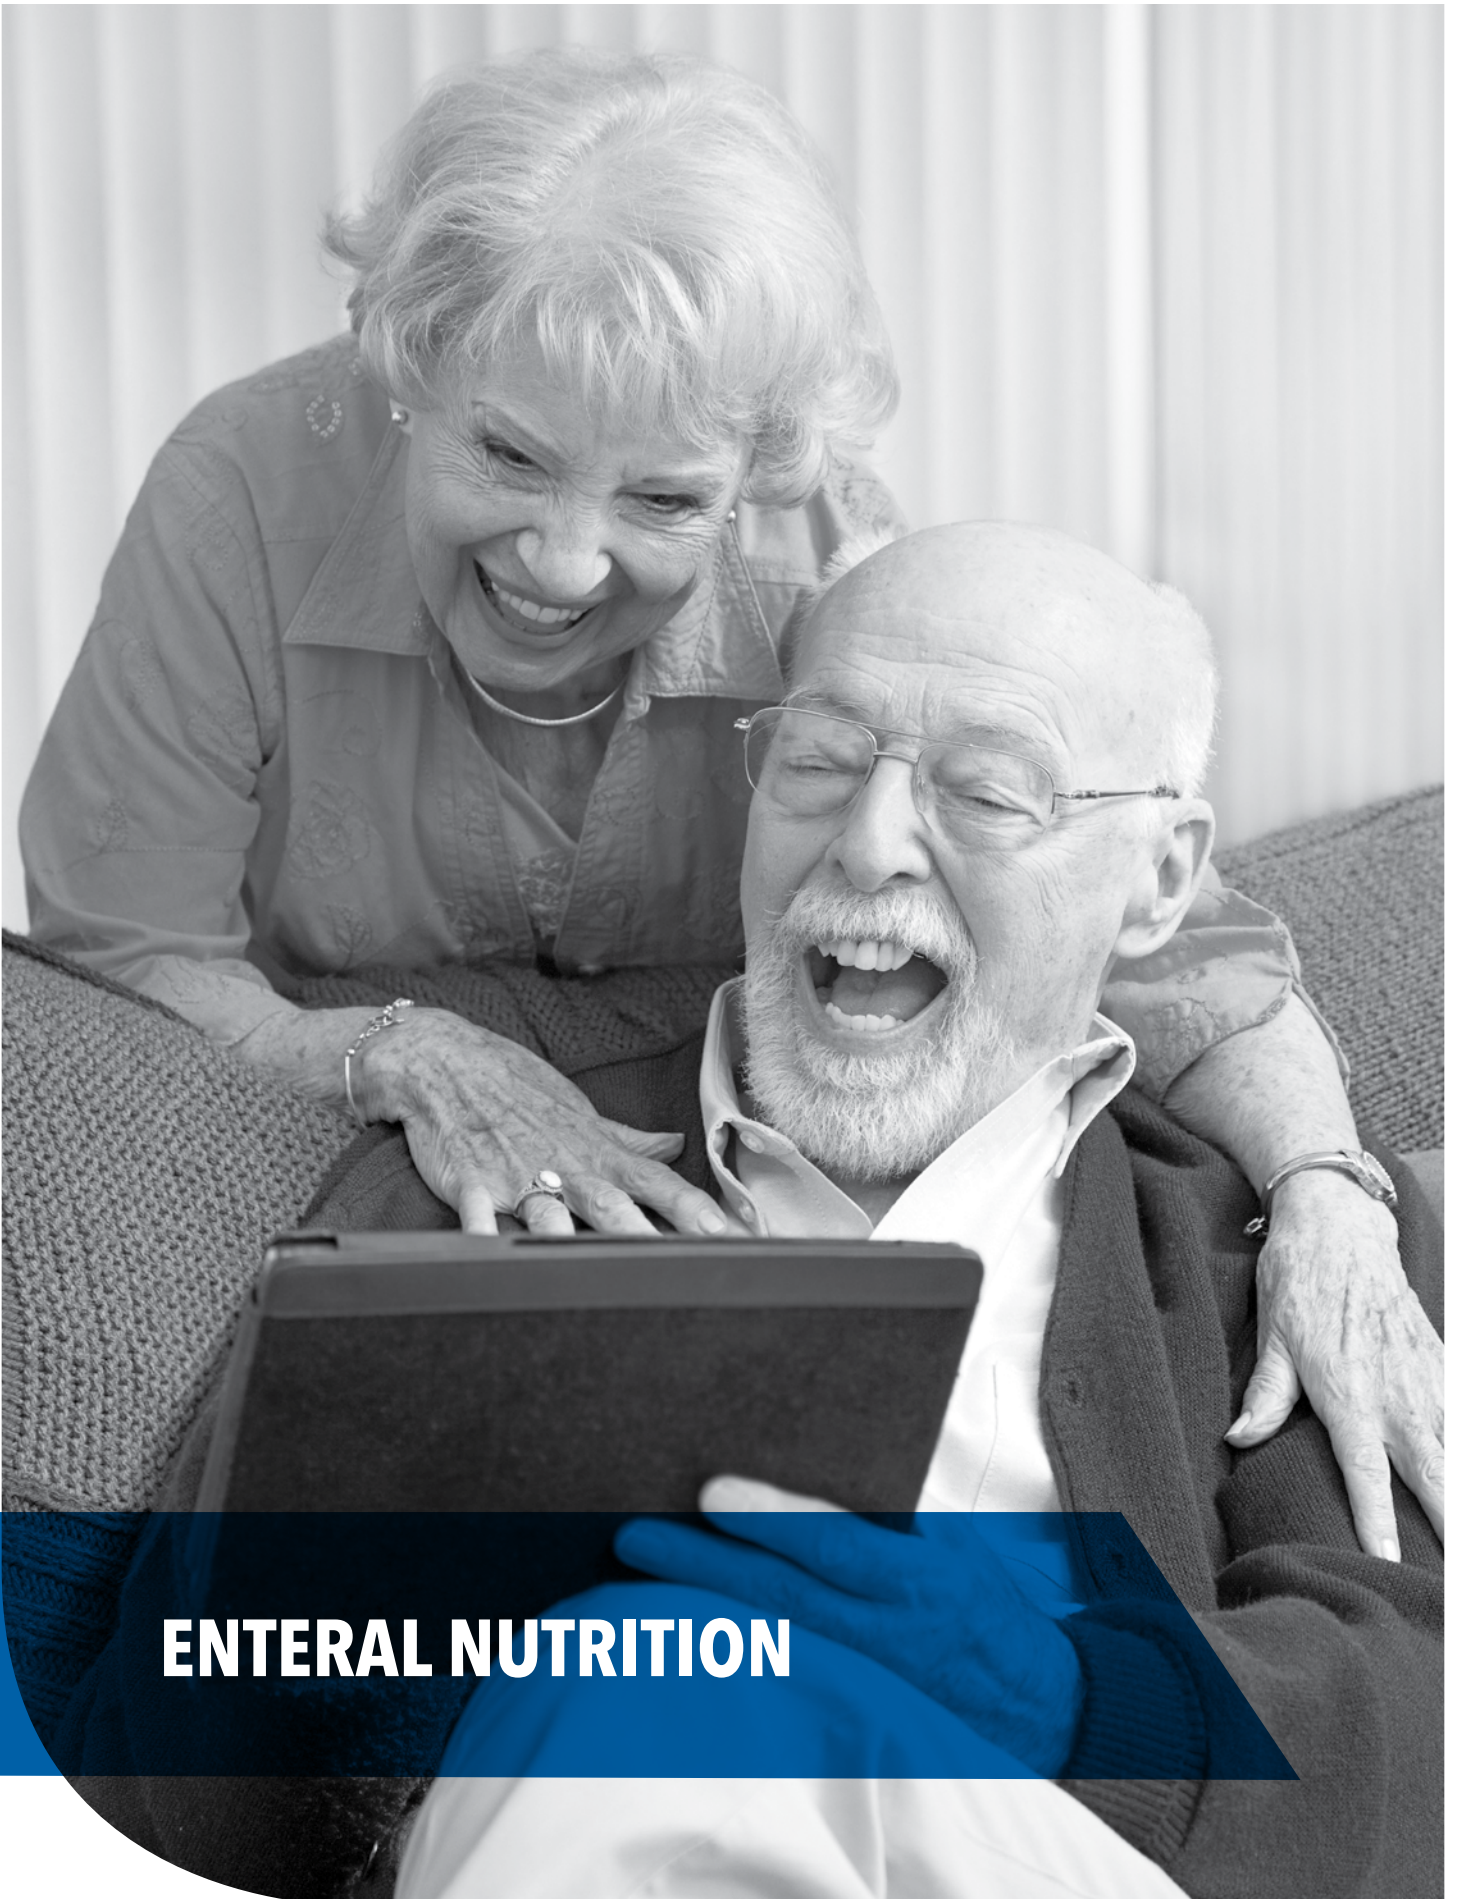

Easy
No coding – user friendly

Description	KIN
LEADER™ Blood Glucose Monitoring System Starter Kit	530968
LEADER™ Blood Glucose Test Strips 25 ct. (1 x 25 ct vial)	530976
LEADER™ Blood Glucose Test Strips 50 ct. (1 x 50 ct. vial)	530994
LEADER™ Blood Glucose Test Strips 100 ct. (2 x 50 ct. vial)	531034
LEADER™ Control Solution Kit 2mL (low, normal, high)	531042

Easy to use starter kit includes meter, 10 ct. test strips and control solution.

 Double Electric Breast Pump, 1/EA

APOTHECARY PRODUCTS
**Ezy Dose® Kids Nose-Pals
 Nasal Aspirator**
 KIN # 713681 | CIN # 5433883
 Ezy Dose® Kids offers convenient
 solutions that help you provide care and
 comfort to your family.
 Nose-Pals is a reusable, non-invasive
 nasal aspirator that allows the user to
 gently remove mucus and helps relieve
 a baby's stuffy nose.

DRIVE/DEVILBISS HEALTHCARE
**Single Electric Breast Pump
 1/ea**
 KIN # 714143 | CIN # 5434519 |
 MANF # RTLBP1000
 Single Electric Breast Pump 1/ea

Nose-Pals utilizes a one-way valve that
 allows you to blow out to create suction,
 removing the 'yuck' factor.
 Features:

- Patent-pending one-way valve
- No transfer of mucus from baby to you
- Allows you to BLOW OUT to create suction
- BPA and Phthalate free

DRIVE/DEVILBISS HEALTHCARE

APOTHECARY PRODUCTS

Ezy Dose Medi-Pals Medication Dispenser

KIN # 644365 | CIN # 5409206

Medi-Pals kid-friendly medication dispensers are familiar and fun for the child, easy to use and they always ensure that the child is getting the accurate dosage of medicine.

The safe, fun and effective way for adults to administer liquid medication to ages 0 and up.

Patented Split-Tip nipple encourages swallowing. Available in Ladybug and Frog.

APOTHECARY PRODUCTS

Ezy Dose Medi-Spout

KIN # 717260 | CIN # 5438569

The Medi-Spout™ has an extended spout to create a smooth flow of water that gently eases pill swallowing. The cap fits most water bottles and the compact size makes it easy to take pills on the go.

Convenient - Fits on most water bottles and portable for taking medications on the go.

Easy to Use - Suspends the pill in liquid while it enters the mouth, reducing or eliminating gagging and anxiety.

FOOT CARE

PEDIFIX
Tea Tree Ultimates®
FungaSoap®

6 OZ
 KIN # 948257 | CIN # 3777893 |
 MANF # P3071

This patented soap is enriched with Tea Tree Oil – used since ancient times as a disinfectant, to fight germs, and as an antiseptic to help prevent infection. Use alone, as a complement to anti-fungal medications, and for longer-term relief and prevention of foot and body fungus problems.

Relieves pain and makes shoes more comfortable! This soft Gel shield cushions and protects sore bunions from pressure and friction. Visco-GEL® releases vitamin E and mineral oil to soothe and soften skin.

PEDIFIX
Visco-GEL® Bunion Relief Sleeve

1 PACK
 Soft Visco-GEL® pad cushions bunions to protect them from shoe pressure and friction. Soft'N Stretch™ fabric sleeve positions the Gel dependably, comfortably, without adhesives. Interchangeable. Fits shoe sizes 6-9, Large fits shoe sizes 9+ and wider feet.

SIZE	KIN #	CIN #	MANF #
SMALL	853119	4772729	P1303-S
LARGE	853168	4772737	P1303-L

PEDIFIX
Visco-GEL® Dual-Action Bunion Fix™

1 PACK
KIN # 985101 | CIN # 4986618 | MANF # P47

Two-way comfort: soft Gel Spacer separates and aligns crooked, overlapping first and second toes that rub, while the attached Bunion Guard cushions and protects the sore bunion joint from shoe pressure and friction. Fits either left or right foot.

PEDIFIX
Visco-GEL® Little Toe Sleeves™

2 PACK
KIN # 541272 | CIN # 4008942 | MANF # P32

Relieve corns, blisters, ingrown nails and other irritations. Unique Gel absorbs pressure and friction, protects, soothes and moisturizes. Stays in place. Fits comfortably in most shoes.

PEDIFIX
Visco-GEL® Corn Protectors

1 PACK
Proprietary Gel absorbs pressure & friction, protects, soothes and softens corns. Visco-GEL® releases mineral oil enriched with vitamin E to moisturize skin. Soft 'N Stretch™ Fabric Sleeve keeps Gel in position without adhesives.

PEDIFIX
FELTastic® Corn / Callus Protectors

CORN 10 PACK
CALLUS 8 PACK
The Podiatrists' Choice® to protect corns from shoe pressure and friction. Self-adhesive backings keep these durable Felt pads securely in place. Scissor trimmable for a custom fit.

PEDIFIX
Pedi-Quick® 2-Sided Foot File

1 PACK
 KIN # 947853 | CIN # 4390514 |
 MANF # P3020

Two different emery surfaces – one fine and one coarse – gently smooth rough, dry or hardened skin. Works great on corns and calluses. Ergonomically-designed, non-slip handle provides precise control.

PEDIFIX
Pedi-Quick® Safety Corn & Callus Trimmer

1 PACK
 KIN # 728808 | CIN # 3777919 |
 MANF # P3035

This unique implement safely reduces calluses and rough, dry, hard skin buildup fast. Only the PediFix Trimmer features a flexible, non-slip handle that prevents excess removal. 3 blades are included in each pack.

PEDIFIX
Visco-GEL® Toe Separators™

2 PACK
 Soft Gel spacers absorb pressure and friction to relieve rubbing, pinching, cramping and between-toe corns. Gel releases mineral oil and vitamin E to soothe irritations and soften skin.

PEDIFIX
Podiatrists' Choice® Nylon-Covered Toe Cap

1 PACK
 Surround toes with soft foam to relieve discomfort from corns, ingrown nails, blisters and other problems. Hand-sewn nylon cover for durability and comfort. Extra toe-tip padding.

PEDIFIX
Pedi-GEL® Bunion Shield

1 PACK
 KIN # 803452 | CIN # 4595690 |
 MANF # P44

Soft, self-sticking Gel pad cushions and protects painful bunions. Washable and reusable for months. Smooth fabric cover reduces friction. So thin, they fit in any shoes.

PEDIFIX
Pedi-Smart® Toe Trainers®

2 PACK
 KIN # 729103 | CIN # 4009031 |
 MANF # P51

Ease pain by separating and straightening crooked, overlapping and hammer toes with these soft, fabric covered splints. Adjustable, trimmable Velcro® fasteners for a custom fit and toe alignment. Fit left or right foot.

PEDIFIX
Podiatrists' Choice® Toe Straightener

1 PACK
KIN # 921833 | CIN # 1725282 |
MANF # P55

Reduce pain and friction associated with crooked, overlapping and/or flexible hammer toes with this comfortable slip-on pad. Adjustable loop gently aligns while a soft, dual-layer cushion comforts the ball-of-foot.

PEDIFIX
Podiatrists' Choice® Double Toe Straightener

1 PACK
KIN # 921841 | CIN # 4390613 |
MANF # P57

Reduces pain and friction associated with crooked, overlapping and/or flexible hammer toes. Adjustable loop gently encourages proper two-toe alignment while a soft, dual-layer cushion comforts the ball-of-foot.

PEDIFIX
Nighttime Bunion Regulator™

This doctor-developed splint guides the big toe towards its proper position while gently stretching tendons and muscles to help slow progression of the bunion deformity. Avoid or postpone bunion surgery.

PEDIFIX
Visco-GEL® Hammer Toe Cushion

This special Gel cushion will ease pressure on toe tips to help prevent corns, calluses and blisters. Also soothes ball-of-foot pain often associated with hammer, claw or arthritic toe conditions. Stays in place.

PEDIFIX
Pedi-GEL® Callus Pads

2 PACK
KIN # 803510 | CIN # 4595765 |
MANF # P8203

Soft Pedi-GEL® cushions and protects to relieve pain from corns, calluses, friction and pressure. Help prevent irritation and callus build-up. Self-sticking pads adhere to feet or inside shoes.

PEDIFIX
Podiatrists' Choice® Ball-of-Foot Cushion

1 PACK
KIN # 729400 | CIN # 1725381 |
MANF # P88

Protects forefoot, helps relieve and prevent pain and calluses. Absorbs shock and reduces friction. Soft, double-layer foam pad stays securely in place with a comfortable toe loop. Extra durable.

PEDIFIX
Visco-GEL® Stay-Put™ Toe Spacers

2 PACK
Soft Gel loop keeps Spacer in position between first and second toes to separate and align, and prevents rubbing and friction. Helps divide crooked toes and gently straighten the big toe to relieve pressure on bunions, too. Exclusive Gel releases mineral oil to soothe and hydrate skin.

PEDIFIX
Visco-GEL® Hammer ToeCrutch™

2 PACK
Specially contoured Visco-GEL pad lifts toes to take pressure off bent-under toe tips. Makes shoes comfortable and walking easier, protects and soothes toe-top corns. Small, 12.5 mm diameter, Medium 15 mm diameter & Large 20 mm diameter.

First Check Cholesterol Home Test
 1 PACK
 KIN # 629828 | CIN # 5385679

Home Cholesterol Test can provide you with three results in one test - HDL, LDL, total.

FIRST CHECK[®] #1 PHARMACIST RECOMMENDED*

FIRST CHECK IS THE LEADER IN HOME DRUG TESTING:

- Patented “Science in the Lid” tilt-cup technology
- FDA 510(k) at home/OTC use cleared with FDA cutoff levels for illicit and prescription drugs
- 5 minutes to 99%+ accurate,[†] easy-to-read results in the privacy of your home with no need for messy fluid transfer

LEARN MORE AT FIRSTCHECKFAMILY.COM

* According to the 2010-2020 *Pharmacy Times* Annual Pharmacists Recommended OTC Survey.

† The First Check Home Drug Test produced over 99% correct test results with lay users in a clinical study.

INCONTINENCE PRODUCTS

DOMTAR PERSONAL CARE

Attends™ Advanced Underwear

Attends Advanced Protective Underwear is our softest, most absorbent underwear. They are worn under clothing like regular underwear and provide an alternative to briefs for active and mobile individuals. This premium product is designed with a soft, Breathable Waistband, which helps promote skin wellness. ConfidenceCuff™ Protection helps prevent leaks around the legs, and the Super Absorbent Core helps pull wetness away from the skin to keep you dry. Attends Advanced Underwear is recommended for moderate to heavy incontinence. Tear-away side panels make removal fast and easy.

DOMTAR PERSONAL CARE

Attends™ Underwear

Attends Underwear is worn under clothing like regular underwear, they provide an alternative to briefs for active individuals. The Attends underwear has breathable zones throughout the waistband to help promote airflow around the body. The Super Absorbent Core, helps to channel and lock fluid away from the body to help with dryness at the skin. With the added protection of ConfidenceCuff™, Attends Underwear is recommended for moderate to heavy incontinence. Tear-away side panels make removal fast and easy.

DOMTAR PERSONAL CARE

Attends™ Advanced Briefs

When maximum protection for heavy to severe incontinence is the goal, Attends Advanced Briefs live up to the challenge. This high performance brief combines all the benefits of the Attends Brief but goes a step further in absorbency and protection. The Advanced brief includes Dry-Lock Containment Core that locks fluid away from the skin, ConfidenceCuff™ for leakage protection around the legs, SmartCool™ Breathability for 100% breathability to help reduce humidity and help improve skin wellness. Additional features include soft breathable, cloth-like material for comfort, a stretchy fastening panel, extra-wide secured tabs for a contoured fit, and Odor Shield for confidence and dignity. Promotes dryness and skin health.

Attends™ Briefs

Attends Briefs combine Super Absorbent Core with a soft, breathable, cloth-like material for comfort and breathable side panels. The absorbent core channels fluid and locks it away to keep the skin dry and healthy. Stretchy fastening panels with extra-wide secure tabs, hold the brief in place for a contoured fit. ConfidenceCuff™ barrier leg cuffs provide an additional level of leakage protection, and odor-blocking properties ensure confidence and dignity.

ESSENTIAL MEDICAL SUPPLY, INC.

Quik-Sorb™ Plaid Quilted Reusable Underpad

Quik-Sorb™ Reusable Plaid Underpad featuring a plaid top sheet is designed to "hide" stains. These pads look more like quilts and the multiple colors trick the eyes into not seeing stains. They are ideally suited for public areas that need protection including car seats, sofas, lift chairs, and beds. Features an I-bex quilted top sheet with a heavyweight liquid fill center and waterproof back. Each pad will absorb up to 8.5 fl oz. of liquid. Comes complete with instructions for washing and drying.

Capture and convert incontinence shoppers in your store!

Baby boomers represent a huge opportunity for retail growth.
For the next 15 years, 10,000 boomers will be turning 65 every day.

The Incontinence category **doubled** between 2000 and 2010 and is expected to almost double by 2020.²

In the past year...

↑ ...Incontinence buyers who shop at independent pharmacies have increased 15%.

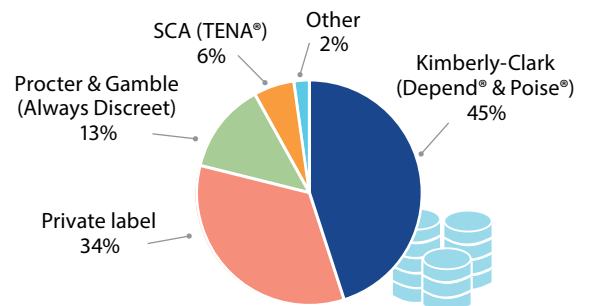

↑ ...their number of trips to independent stores are up by 26%.

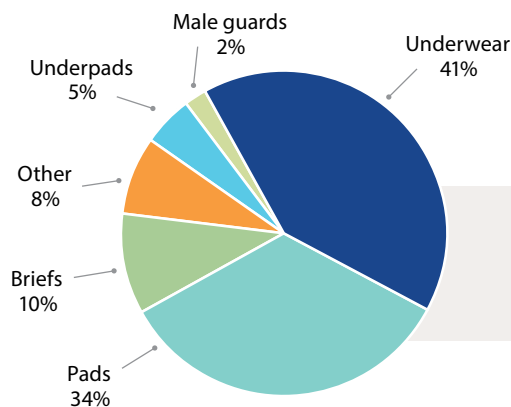

↓ ...the dollar spend has decreased per visit from \$25.00 to \$16.01.

More than **17 million** people experience incontinence³

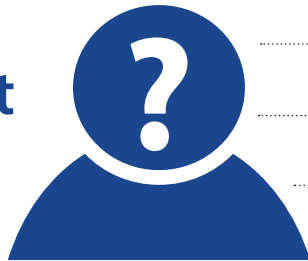

Kimberly-Clark and private label make up 79% of incontinence sales dollars¹

Share by segment¹

The **top 5 incontinence products** are economy packs with count sizes of **28 and larger**

Who is the independent pharmacy shopper?⁸

- 1 to 2 person household
- No kids at home
- 55 and older
- Income under \$30,000 per year

58%
of buyers are
55 and older

The baby boomer's mindset is fundamentally different from the previous generation.⁴

	Greatest generation Pre-1946	Baby boomers 1946-1964
Mental age	Act your age	Forever young
Priorities	The right way	Their way
Time	Time to spare	Expect more from their time
Money	Watch your pennies	Expect more from their money
Obedience	Fall in line	Revolution

Despite their aging bodies, baby boomers feel and act younger than their years.

Loyalty is high!

Consumers are hesitant to try other brands once they have found a solution that works.

2 in 3

consumers will leave the stores if they cannot find their incontinence product.⁵

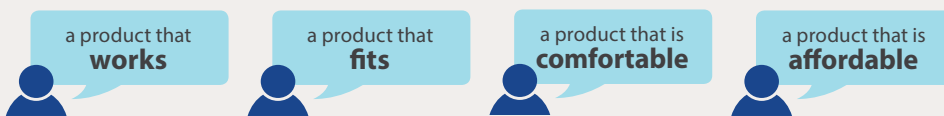

Incontinence is a planned trip.

8 in 10

heavy incontinence shoppers make a decision to purchase prior to being in-store.⁷

Shoppers want . . .

54% want a product that is effective

Your call to action!

Set the Incontinence planogram!

Make sure you have the Depend/Poise national brands and Cardinal Health brand on your shelves. Kimberly Clark and private label make up almost 80 percent of the share! Economy packs are now on planogram. For more information on how to sign up for planograms, contact your Retail Operations Consultant.

Don't be out of stock!

Incontinence is an embarrassing purchase. Customers will not ask if you do not have their brand or size.

Consider expanding your planogram from 4 ft. to 8 ft. or 8 ft. to 12 ft.

63 percent of retailers have 15 ft. or larger of Incontinence.

OXYGEN & RESPIRATORY

OMRON
Peak Air Peak Flow Meter
 KIN # 574376 | CIN # 2204253 |
 MANF # PF9940

The Peak Air Peak Flow Meter is an integral component of asthma management programs. Suitable for patients of all ages, the PeakAir insists in monitoring the patient's maximum expiratory flow and provides an indicator of the condition of the patient's airway. Assists in early detection of impending asthma attack, dual flow range for adults and children, compact design, colorful fun stickers for children with a disposable mouthpiece available.

OMRON
Digital Pedometer Aerobic
 KIN # 828715 | CIN # 4597092 |
 MANF # HJ-321

Designed for power walking and aerobic exercise, the HJ-321 counts your aerobic steps separately from normal walking steps, as well as the distance, calories burned, and time you've traveled, giving you more information about your overall activity level. It accurately counts every step, using Omron's Tri-Axis Technology. Just wear it on your hip or place it in your bag or pocket.

DRIVE/DEVILBISS HEALTHCARE
Fingertip Pulse Oximeter
 KIN # 298695 | CIN # 4124756 |
 MANF # MQ3000

The Pulse Oximeter is intended for non-invasive spot-check oxygen saturation measurements of the arterial hemoglobin. This product is ideal for both adult and pediatric patients. 2 year warranty.

CRANE USA

Crane Personal Ultrasonic Cool Mist Humidifier

KIN # 626477 | CIN # 5374665 | MANF # EE5951

If you have minimal space but still need the benefits of a humidifier, you'll love the Personal Cool Mist Humidifier from Crane. This compact humidifier features a small 0.2-gallon tank that runs up to 12 hours to humidify a room up to 160 square feet. The detachable power cord allows you to easily add or remove water from the tank, while the small tank fits easily under most bathroom sinks to help minimize clutter. From irritated sinuses to nasal congestion to a cold, this personal humidifier will help you get a good night's sleep, night after night.

CRANE USA

Crane Droplet Ultrasonic Cool Mist Humidifier

Crane Droplet Ultrasonic Cool Mist humidifier, based off of the Award Winning Design & Top Rated Performance of the Drop. Get relief from Cold and Flu Symptoms and bring wellness to your entire Family in style with a Crane Droplet Humidifier. Crane's Droplet Ultrasonic Cool Mist Humidifiers provides up to 15 hours of soothing moisture to help relieve the effects of dryness and congestion, helping you and your family to breathe easy and sleep through the night peacefully.

CRANE USA

Crane Adorable Elephant Ultrasonic Cool Mist Humidifier

KIN # 533277 | CIN # 3775707 | MANF # EE-3186

Create a more comfortable and breathable living space with this cute and adorable Elephant Ultrasonic Cool Mist Humidifier from Crane. This kids humidifier helps give relief from cold and flu symptoms to help bring wellness to your entire family. The compact elephant-shaped humidifier doesn't require a filter to run and is easy to refill and clean to keep adding soothing moisture to the air. This elephant humidifier also helps prevent skin from drying and chapping by eliminating stuffy air – helping you breathe easy and get a good night's sleep.

CRANE USA

Crane Adorable Frog Ultrasonic Cool Mist Humidifier

KIN # 533295 | CIN # 5218730 | MANF # EE-3191

The BPA-free Crane ultrasonic cool mist humidifier adds a desirable level of moisture to the air in your living space. Moistened air can offer temporary relief from dry coughs and nasal congestion as well as cold and flu symptoms. It can also soothe dry skin, chapped lips and sore throats. This energy-efficient Crane frog cool mist humidifier has a 1-gallon water tank that's detachable. It turns off automatically when the tank is empty. The ultrasonic humidifier can release up to 2.1 gallons of moisture into the air every day. This filterless humidifier is ideal for rooms up to 250 square feet. Its cute animal-inspired design makes it an ideal addition to your child's room.

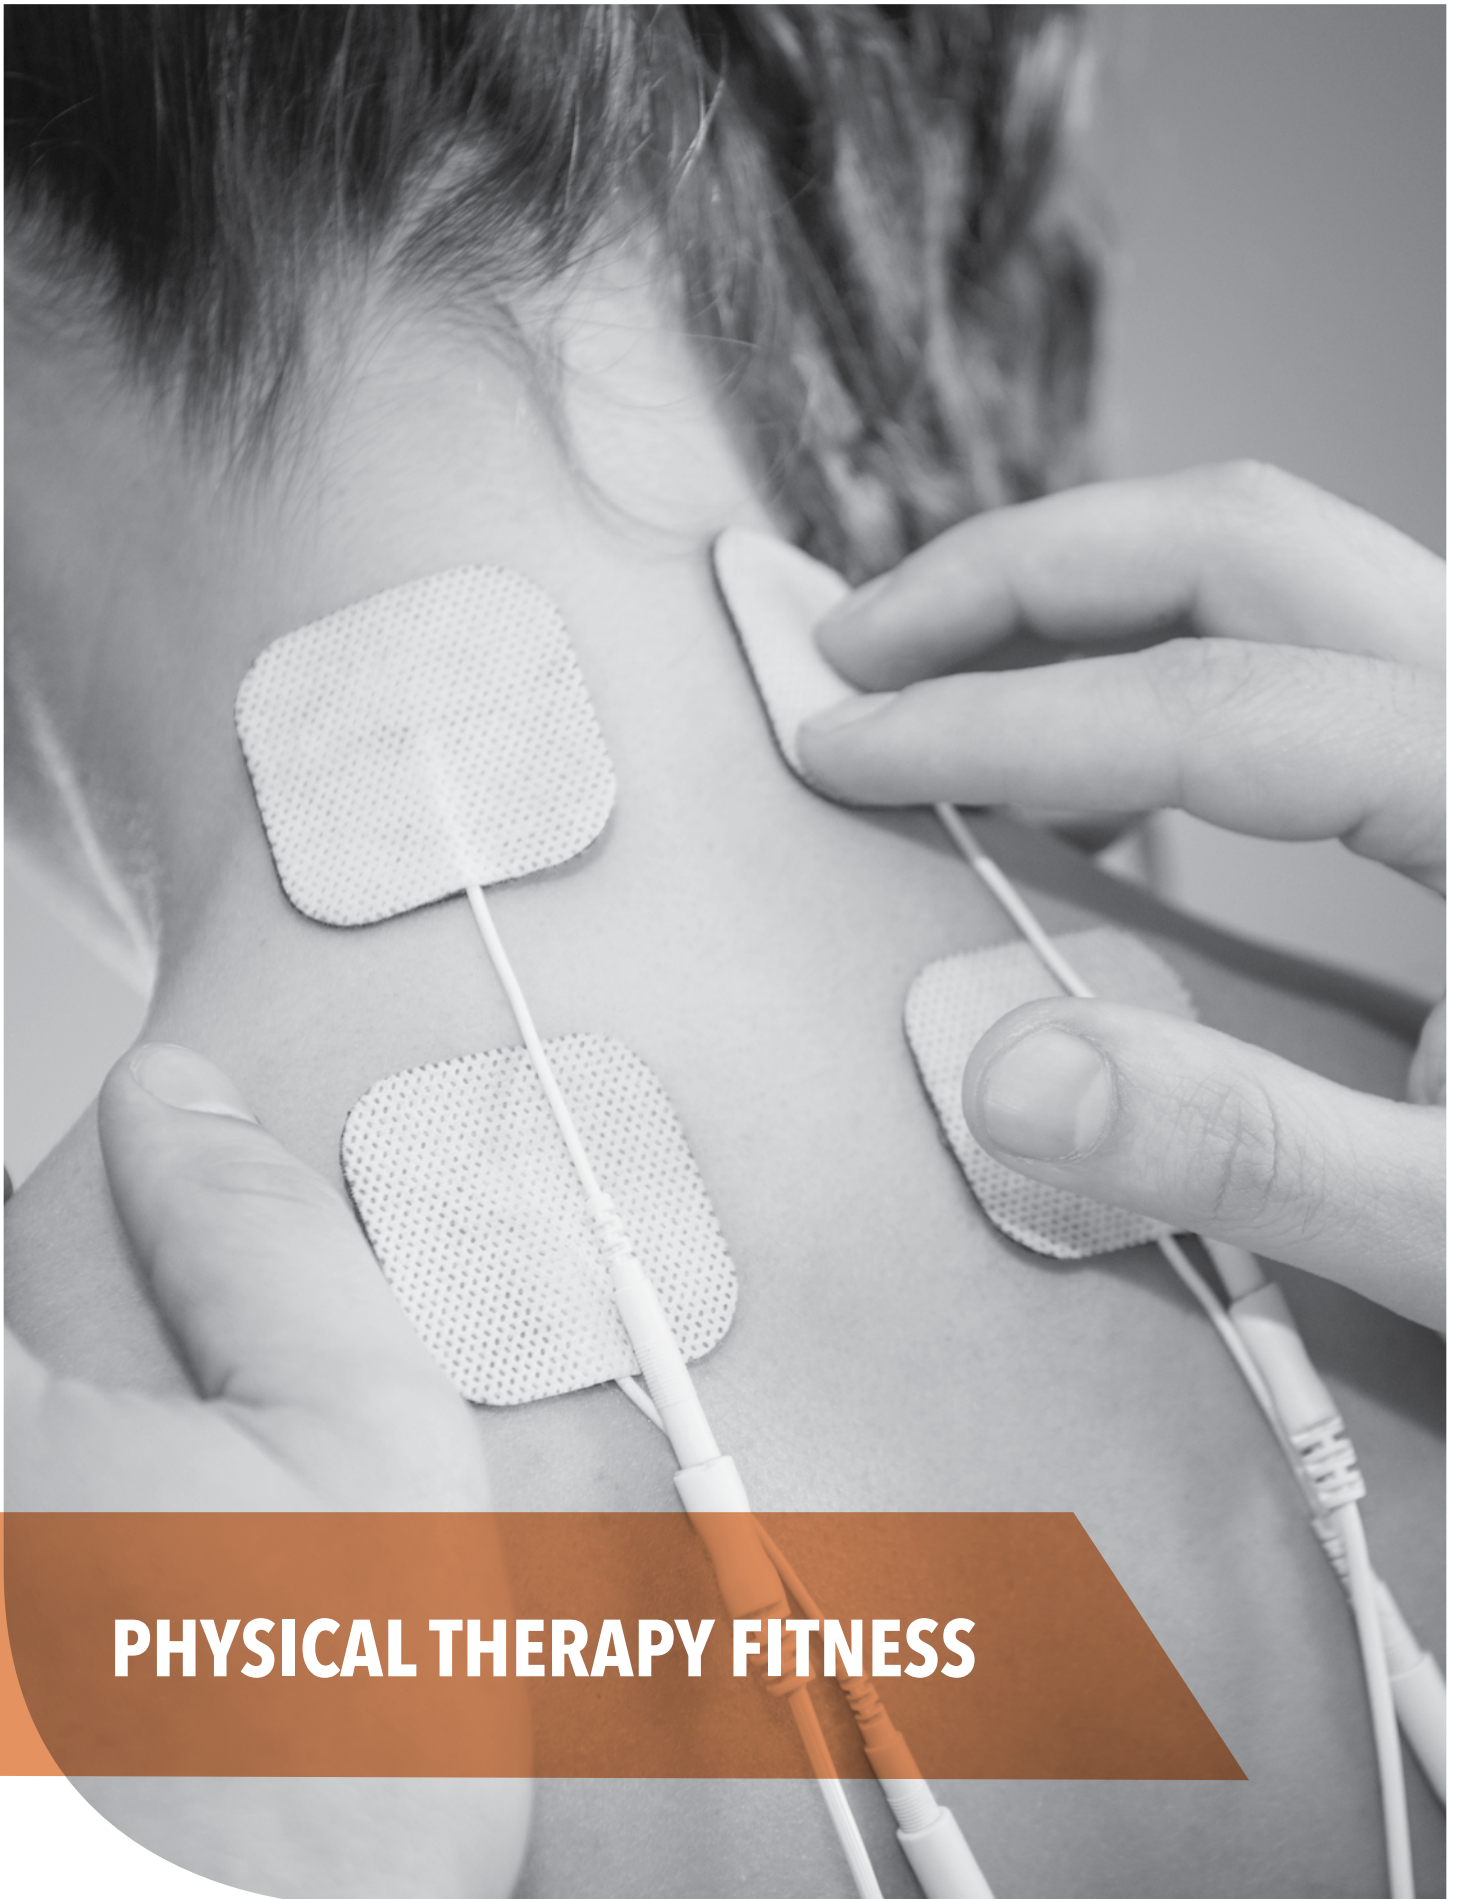

CRANE USA

Crane Adorable Owl Ultrasonic Cool Mist Humidifier

KIN # 533303 | CIN # 5218763 | MANF # EE-8189

Use the Crane Ultrasonic cool mist humidifier to increase the moisture content in your child's room. It utilizes ultrasonic technology for infusing moisture into the air. This energy efficient unit offers relief from nasal congestion, dry coughs and cold and flu symptoms. A control button on this humidifier helps regulate the moisture output as per your need. This home appliance has a detachable water tank with 1-gallon capacity and can quietly provide moisture for up to 24 hours on the medium setting. This BPA-free humidifier has an integrated auto-shut-off function that senses an empty tank. Plus, this humidifier operates without a filter. The quiet cool mist humidifier is suitable for rooms measuring up to 250 square feet.

STOCKINGS

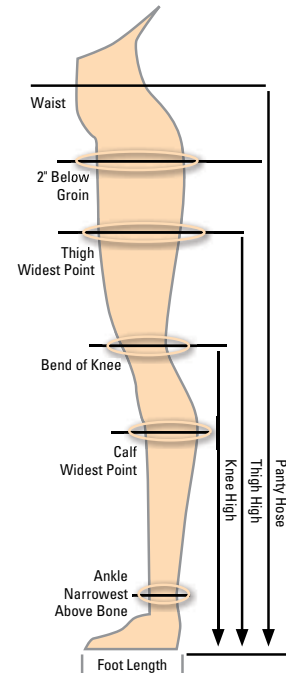

Key To Proper Fit

Loving Comfort®

Measuring Correctly

1. Measure when you first get up in the morning before swelling has occurred.
2. Measure while standing. If you have been standing for some time, elevate your feet and legs for 15 minutes prior to taking measurements.
3. Take snug measurements against the skin. Don't measure over socks or clothing.
4. Never allow folds in the hosiery. If used over wound dressing, make sure the hosiery isn't too tight. Consult a health care professional with any concerns.
5. The sock area must fit the shape of the foot. If improper fit, will cause bunching or gathering, creating local pressure. Observe the bare foot prior to putting on the sock. The sock should conform to the shape of the bare foot.
6. Hosiery should have even compression without binding, which may create discomfort or circulation obstruction.

If the fit is questionable, use the guide at the right to take exact circumference and length measurements at the specific leg points to ensure the correct compression.

Fitting Procedure for Stocking

Take snug measurements on the skin, not over socks or slacks. Record the measurements.

1. Select the correct size from stock. Return to the fitting room.
2. Explain features of the stocking and fitting procedure to patient.
3. Place hand inside stocking and grasp the heel piece. Pull stocking inside out, except for the heel.
4. Pull stocking over the patient's foot, until the heel piece is positioned symmetrically over the foot.
5. Continue to pull the rest of the stocking over the patient's leg.
6. Points related to fitting:
 - Wearing ribbed rubber gloves makes fitting easier (helps prevent DeQuervain's).
 - Pat corn starch over the leg if perspiration is present. (Do not use baby powder.)
 - With edema present, patient's measurements should be taken before rising from bed.

Which Compression Level is Right For You?

Classes of compression (mmHg = millimeters (mm) of mercury (Hg) compression):

Mild compression (8-15 mmHg) - for mild varicosity, often purchased over-the-counter. For mild swelling from long periods of sitting or as a preventive when traveling.

Moderate compression (15-20 mmHg) - for mild varicosity and edema (physician recommended).

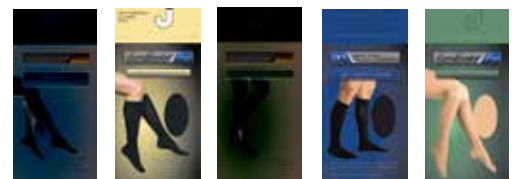

Firm compression (20-30 mmHg) - used in relation to a condition of superficial veins and post sclerotherapy care (physician recommended).

Extra firm compression (30-40 mmHg) - prescription hose, used for conditions within the superficial and deep vein systems.

If any discomfort occurs, discontinue use and consult your healthcare professional.

A healthcare professional should be consulted to evaluate, diagnose, and recommend appropriate compression therapy.

212 SIZING CHARTS

Support Hosiery - Loving Comfort Size Chart

NOTE: Patients should measure when they first get up in the morning before swelling has occurred.

BSN MEDICAL

JOBST® Anti-Embolism

In cooperation with leading vascular specialists, JOBST® engineers developed the JOBST® Gradient Compression Seamless Anti-Embolism Elastic Stocking, specifically designed to combat thromboembolism. The JOBST® Anti-Embolism Elastic Stocking does this by using gradient compression. The use of JOBST® Anti-Embolism Elastic Stocking is an accepted prophylaxis for minimizing the risk of thromboembolism in hospitalized patients requiring bed rest or prolonged periods of immobilization.

JOBST® Sensifoot

JOBST® SensiFoot™ is the ultimate comfort sock, providing comfort and protection in every step for diabetic patients and anyone seeking a great basic sock with compression

Benefits.

Non-irritating, smooth toe seam reduces pressure and irritation on toes

Extra padding in the foot, heel, and toe reduces friction and provides extra comfort and protection

Acrylic multifiber yarns wick away moisture to keep feet comfortable and dry

Antibacterial, antifungal finish inhibits growth of bacteria to help prevent odor

BSN MEDICAL

JOBST® Bella Lite

JOBST® Bella™ Lite Ready-To-Wear Upper Extremity Garments provide gradient compression to assist in the management of mild to moderate lymphedema and other edemas. Garments are lightweight, attractive, and comfortable. Additionally, they are available in a wide range of sizes that were determined after utilizing data from thousands of patients' arms and hands to ensure a proper fit for almost every patient..
